Flanged ANSI 150 Manual Ball Valve

- ASA Flanged
- Full Bore
- DIN 3202 F-4 face to face
- 180° C
- Stainless Steel
- PTFE Seats and Seals

DESCRIPTION

A good quality, cost effective general purpose flanged ball valve suitable for most Liquid and Gaseous duties. 2-Pce Full Bore flanged ASA150 ball valve. ASTM A351 CF8M 316 Stainless Steel construction, 316 Trim. PTFE Seats and Seals. Adjustable gland. Lever operated. The valve is suitable for manual on off operation and offers a non direct mount Fire-safe design (not certified). 1/2" - 2" PN40 pressure rated. 2 1/2" - 4" PN16 pressure rated. -20°C + 180° C Temperature rated. CE marked (sizes 1 1/4" upward) in accordance with the PED 97/23. ANSI B16.10 Face to Face dimension Test standard – API 598 Full material Test Certificates available. Available size range: 1/2" - 6"

Description

Volt 2 piece ASA150 flanged manual ball valve with full port in stainless steel. This valve offers economy with high performance. Size 1/2" to 4" supplied with Lever Handle Temperature Range -20° C to 180° C. CE marked (sizes 1 1/4" upward) in accordance with the PED 97/23.

Beschreibung

Volt 2 Stück ASA150 angeflanscht manuellen Kugelhahn mit vollem Durchgang aus Edelstahl. Dieses Ventil bietet Wirtschaft mit hoher Leistung. Größe 1/2" bis 4" geliefert mit Hebelgriff Temperaturbereich -20° C bis 180° C CE-Kennzeichnung (Größen 1 1/4" nach oben) in Übereinstimmung mit der PED 97/23.

Descripción

2 voltios pieza ASA150 bridas de válvula de bola manual con puerto completo en acero inoxidable. Esta válvula ofrece la economía con un alto rendimiento. Tamaño 1/2" a 4" suministrado con la manija de palanca Rango de temperatura de -20° C a 180° C. con marca CE (tamaños 1 1/4" hacia arriba), de conformidad con la PED 97/23.

Description

Volt 2 pièce ASA150 bridé vanne manuelle à bille avec passage intégral en acier inoxydable. Cette vanne offre l'économie avec la haute performance. Taille 1/2" à 4" fourni avec poignée à levier Plage de température -20° C à 180° C Marqués CE (tailles 1 1/4" vers le haut), conformément à la PED 97/23.
